First reading was given on June 17, 2014 by a vote of five (5) to two (2). – Approved on second reading by a vote of five (5) to one (1).

Upon a motion made by Mr. Newman and seconded by Ms. Devine, Council voted five (5) to one (1) to give second reading approval to Ordinance No.: 2014-056 – To Raise Revenue and Adopt the Budget for the City of Columbia, South Carolina, or the Fiscal Year ending June 30, 2015. Voting aye were Mr. Baddourah, Mr. Newman, Ms. Devine, Mr. Davis and Mayor Benjamin. Mr. Runyan voted nay.
Councilor Devine recalled that Council did discuss increases for staff last week and we are undertaking a comprehensive compensation and classification study. She explained that in light of discussions at the White House Summit for Working Families, the discussion was about what we are doing to make sure that families are able to make a living wage. Ms. Devine made a motion that after staff completes the year end audit, if there are available resources, that staff bring forth a proposal to Council that outlines a process to immediately begin implementing the results of the compensation and classification study utilizing the available resources out of the year end surplus and unassigned fund balance before any other money is allocated.

Mayor Benjamin seconded the motion. He noted that the compensation and classification study will be comprehensive; it will bring back an assessment and recommendations for the City Manager to make to City Council, but it won’t give us directions; we want to make sure we maintain the administrative latitude and Council latitude. He understands and supports the spirit of the motion.

Councilor Runyan asked if this commits us to future spending.

Councilor Devine said this limits us from making additional commitments or allocations before we address this need first; this sets it as a priority.

Ms. Teresa Wilson, City Manager said we appreciate that recommendation and she noted that she will bring back a discussion of the funds that have been allocated in this budget for the Cost of Living Adjustment and the Compensation and Classification study; the use of these funds will be a thoughtful approach, whether it’s a one time allocation to deserving staff or a COLA, we want to use it appropriately.

Mayor Benjamin explained that a raise adds to the recurring budget year after year; it’s not just a 2014/2015 issue. He said they’ve looked at a one-time financial reward and they will have a chance to weigh the appropriate concerns.

Councilor Baddourah asked that staff bring the recommendations back along with the changes to the healthcare plan in August.

Councilor Runyan clarified that this does not obligate us to any funding.

Upon a motion made by Ms. Devine and seconded by Mayor Benjamin, Council voted unanimously to direct staff to bring forth a proposal to Council after the audit is complete that outlines a process to immediately begin implementing the results of the compensation and classification study utilizing the available resources out of the year-end surplus and unassigned fund balance, before any other money is allocated.
4. **Ordinance No.: 2014-064** – Amending the 1998 Code of Ordinances of the City of Columbia, South Carolina, Chapter 5, Buildings and Building Regulations, Article III, Building Permits, Sec. 5-204 Fee Schedule (a)(1) and (d)(1) – The Public Hearing was held on June 10, 2014. First reading was given on June 17, 2014. – Approved on second reading.

Upon a motion made by Mr. Baddourah and seconded by Mr. Runyan, Council voted unanimously to give first reading approval to Ordinance No.: 2014-064 – Amending the 1998 Code of Ordinances of the City of Columbia, South Carolina, Chapter 5, Buildings and Building Regulations, Article III, Building Permits, Sec. 5-204 Fee Schedule (a)(1) and (d)(1).

**ORDINANCES – SECOND READING**

19. **Ordinance No.: 2014-038** – Amending the 1998 Code of Ordinances of the City of Columbia, South Carolina, Chapter 15, Parks and Recreation, Sec. 15-1 Prohibited acts in parks to add (14) Exclusive minor child play zones – **First reading was given on May 20, 2014. – Consideration of this item was deferred.**

20. **Ordinance No.: 2014-049 (Amended)** – Authorizing the City Manager to execute a Multi-Use Venue Development Agreement between the City of Columbia, South Carolina, Hardball Capital, LLC and Bull Street Development, LLC – **First reading was given on June 17, 2014.**– **Approved on second reading by a vote of five (5) to one (1).**

Upon a motion made by Mr. Davis and seconded by Mr. Runyan, Council voted five (5) to one (1) to give second reading approval to Ordinance No.: 2014-049 – Authorizing the City Manager to execute a Multi-Use Venue Development Agreement between the City of Columbia, South Carolina, Hardball Capital, LLC and Bull Street Development, LLC. Voting aye were Mr. Runyan, Mr. Newman, Ms. Devine, Mr. Davis and Mayor Benjamin. Mr. Baddourah voted nay.

**ORDINANCES – FIRST READING**

21. **Ordinance No.: 2014-052** – Providing for the Issuance and Sale of the City of Columbia, South Carolina, Special Obligation Bonds (Hospitality Fee Pledge), in one or more series, in the Principal Amount of not exceeding $35,000,000, in order to Finance the Acquisition, by Construction or Purchase, of a Multi-use Entertainment Venue and Facilities, Equipment, Appurtenances and Improvements Related thereto; authorizing the Mayor, the City Manager, the Chief Financial Officer and the Finance Director, or any two of them acting together to determine certain matters with respect to the bonds; prescribing the form and details of such bonds; and other matters relating thereto – **Approved on first reading by a vote of five (5) to one (1).**

Councilor Baddourah said people are asking why this can’t be placed on a referendum for a vote.
Mayor Benjamin said that logic would apply to every bond done for water and sewer or sidewalks or police cars.

Councilor Baddourah argued that sidewalks, roads and police cars are expected from this government by the citizens, but they do not expect us to build a stadium. He asked if there is a legal way to make that happen.

Councilor Devine said at this point we have a binding agreement that no matter how this Council chooses to fund it, we are obligated to move forward. She had angst initially, but with our current budget constraints, this is the best way to do it.

Mayor Benjamin suggested that Mr. Baddourah be provided with a written explanation.

Ms. Teresa Knox, Esq., City Attorney explained that the city is obligated; at this point, the city is on the hook.

Councilor Baddourah said we voted not to do the cost analysis study and now we are committing ourselves to borrowing money by taking a bond on $35 million. He asked if we are going to tell 135,000 people that we are going to build a stadium, because we obligated ourselves to a contract.

Mayor Benjamin explained that we are going to build a stadium, because we made a decision to do so; this Council made a decision; every financial decision including the budget you just voted on isn’t deferred to our citizens; we make those decisions. He said even since you’ve been here, we’ve spent hundreds of millions of dollars on a number of different issues that we don’t take to the citizens.

Councilor Baddourah said we make decisions on servicing the public, but for some people, building a baseball stadium is not a service to the public.

Upon a motion made by Mr. Davis and seconded by Mr. Newman, Council voted five (5) to one (1) to give first reading approval to Ordinance No.: 2014-052 – Providing for the Issuance and Sale of the City of Columbia, South Carolina, Special Obligation Bonds (Hospitality Fee Pledge), in one or more series, in the Principal Amount of not exceeding $35,000,000, in order to Finance the Acquisition, by Construction or Purchase, of a Multi-use Entertainment Venue and Facilities, Equipment, Appurtenances and Improvements Related thereto; authorizing the Mayor, the City Manager, the Chief Financial Officer and the Finance Director, or any two of them acting together to determine certain matters with respect to the bonds; prescribing the form and details of such bonds; and other matters relating thereto. Voting aye were Mr. Runyan, Mr. Newman, Ms. Devine, Mr. Davis and Mayor Benjamin. Mr. Baddourah voted nay.

**Amendment to the Agenda**
22. **Ordinance No.: 2014-063** – Authorizing the City Manager to execute Voluntary Cleanup Contract 13-5789-NRP In the Matter of SCDMH Bull Street Campus, Richland County, between Hughes Development Corporation and the City of Columbia for the property commonly known as the South Carolina Department of Mental Health's "Bull Street Campus" – Approved on first reading.

Upon a motion made by Mr. Baddourah and seconded by Mr. Davis, Council voted unanimously to give first reading approval to Ordinance No.: 2014-063 – Authorizing the City Manager to execute Voluntary Cleanup Contract 13-5789-NRP In the Matter of SCDMH Bull Street Campus, Richland County, between Hughes Development Corporation and the City of Columbia for the property commonly known as the South Carolina Department of Mental Health's "Bull Street Campus".

Councilor Devine asked the Financial Advisor if we are looking at the Installment Purchase Revenue Bond (IPRB) for the infrastructure.

Mr. Brent Robertson, Financial Advisor, Merchant Capital, LLC said the last analysis ran for Bull Street was for an IPRB, but we will continually explore other options that are available. He said we are looking at the amortization on General Obligation (GO) Bonds versus the construction schedule that Mr. Hughes might bring to us to see if GO financing might be more effective on our 8% debt limit, but the IPRBs are definitely still in play.

Councilor Davis said that it needs to be made clear that we are constantly looking at those options as we move forward.

Councilor Devine asked if there are infrastructure needs that need to be funded using the IPRB or GO Bond for the venue.

Ms. Melissa Gentry, P.E., Assistant City Manager for Operations explained that the infrastructure needs outside of the property that the venue will sit on will be paid for out of our infrastructure commitment through the Bull Street agreement; those needs haven’t been identified yet. She said we are working to secure architectural services for design and they will help us identify those needs, but anything outside of the property being donated for the venue will be paid for outside of the cost of the venue. She said that the Venue Development Agreement recognizes that there has to be water, sewer, electrical and roads leading up to the venue and that will be available at the time we open the venue.
COUNCIL REVIEW AND DISCUSSION

23. **Update on the Regional Approach to the Homeless Services Coordination Request for Proposals – Ms. Teresa Wilson, City Manager

Ms. Teresa Wilson, City Manager recalled that she has sent multiple emails to Council about the progress of the Request for Proposals (RFP) as directed by Council. She reported that the RFP is ready to be released, but she wanted to provide Council with the opportunity to ask questions or express concerns.

Councilor Runyan said he has reviewed the RFP and there are a multitude of issues. He said this goes in the opposite direction that was talked about by the committee to bring a coordinator to bear to reduce the city’s obligation; to reduce the amount of money that it takes to bring service to these folks; this is teed up to be a very expensive undertaking. He referenced page 25 wherein it states that all funding requirements will be the responsibility of the City of Columbia. He said under this, the City of Columbia is responsible for being the funder for all homeless services for the Midlands. He said there are quite a number of other issues, but he won’t go through those tonight. He said that staff can send this out tonight, but he can’t support this. He said that the RFP doesn’t reflect any of the meetings that he sat in.

Ms. Teresa Wilson, City Manager said that staff was just a facilitator for the whole thing; any information in the RFP is exactly in line with what was discussed; we simply dropped all of the recommendations from the panel into this document. As to the funding, she said that the whole document is funding for the coordination of homeless services as this Council directed that we do in collaboration with the Central Midlands Council of Governments (COG). She said the only money on the table is the funding you have remaining, because you’ve already allocated portions of the $1 million to Housing First and Transitions. She noted that since Council is no longer funding the emergency shelter, there is slightly over $400,000 remaining.

Councilor Runyan said that this doesn’t represent what the committee did; there are details that diverge radically. He said he doesn’t support it; he probably won’t support any more funding for homeless services going forward; certainly not any new funding for homeless services.

Ms. Teresa Wilson, City Manager clarified that staff only did what Council directed us to do.

Councilor Davis said he has issues with that statement, because it is our understanding that one reason we are going in the direction of regional coordination is so that the city doesn’t end up bearing the yeoman’s costs of providing those services; that is the point of coordination. He said as we’ve looked at this, it was his understanding that we are trying to work our way out of
being the primary funder of homeless services in this city. He said as we put
documents together like this, the point of coordination should be understood. He
stated that the other entities will have to participate more, because it will be
unrealistic for us to give the appearance that we will continue to carry the heavier
burden of services. He wants that to continue to be a part of the discussion in
terms of the magnitude of services to be provided and who is going to bear the
costs.

Councilor Devine said she is okay with this. She said that Council asked staff to
do a RFP; when it was ready to go, we pulled it back and asked them to do a
RFI; they did the RFI; we went through a very extensive process with that; and
there might have been some disagreement on that committee about asking
someone to coordinate services at no fee. She said we then agreed to do a RFP;
this Council asked that staff try to get the COG to make it regional. She clarified
that Ms. Wilson came back from that meeting saying that the other governments
certainly want to participate, but they are not putting any money in it; at that
point we had a discussion about the balance of the $1 million, which was about
$450,000; and we did not give a definitive amount, but we gave staff the leeway
to utilize the rest of that money. She said in no way is anyone asking us to put
more money into homeless services, but the reality is that we spent more than $1
million this year when we said we would not. She said we have to make a
decision on which direction we are going; we have a shelter that will close in a
week; we have to gear up to what we are going to do in the fall and the winter.
She said if we keep pushing the ball back and forth and not making a decision on
how to move forward, we are going to be sitting here in October and November
with no money allocated and having something whether we want it or not,
squarely in our laps. She said at this point the RFP needs to go out and we can
decide whether or not the responses are valid.

- **Mr. Newman left the meeting at 6:40 p.m.**

Councilor Davis suggested that the RFP be held until Council agrees with the
expectations.

Councilor Runyan said this includes a paid position for a coordinator; a paid
position for someone else to coordinate the service providers; it requires us to
pay for HMIS, the shelter, transportation, food sharing and meal services and
subcontractors to the primaries.

Councilor Devine said that is not what we were told; we talked about sending
this out and negotiating prices and other things once we had the responses.

Ms. Teresa Wilson, City Manager acknowledged that she and Mr. Runyan may
have a different interpretation of what’s being read.
Councilor Runyan clarified that the RFP includes “All funding requirements will be the responsibility of the City of Columbia. This project will be negotiated on a lump sum contract.” He said it will be a lump sum contract with the City of Columbia responsible for all funding requirements. He reiterated that the RFP can be sent out, but he can’t support it.

**Ms. Teresa Wilson**, City Manager clarified that funding is for the coordination of services, which is what Council directed staff to do.

Mayor Benjamin added that it is the coordination of services and as it relates to our other regional partners.

Ms. Teresa Wilson, City Manager said they were asked to put together this RFP as written for the coordination of services, meaning that there would be an entity that the city would contract with at a very define level. She noted that the only funds available is $400,000; clearly it wouldn’t be more than that; and that entity would be responsible for the various areas denoted in the document. She said as staff, we are doing what we were asked to do. She stated for the record, that in the event this discussion continues, staff is not holding up the process. She asked Council to be mindful of this when the shelter closes and there is a discussion about what we did or did not do, because that has come up before. She said we are putting it before you; if in fact the Council wants it to be revised; she asked that a committee of Council be composed to work with the RFI panel to put the RFP together as deemed appropriate.

Councilor Runyan agreed that there is an urgency of time, but just doing something that may be the wrong thing to satisfy the urgency of time could very much work against us and the people that I think we are trying to help. He said this RFP is a massive undertaking and far more expansive than what we were doing with the shelter. He anticipates that it would be far more expensive and it goes in the opposite direction of the intent of the RFI panel. He said responders are only given two (2) weeks to develop a system in response to a problem we’ve had for thirty (30) years.

There was a consensus of Council to consider the Request for Proposals for a Regional Approach to the Coordination of Homeless Services on July 15, 2014. The members of Council are to submit their comments and edits to the City Manager.

- **Mr. Davis left the meeting at 7:00 p.m.**

24. **Ordinance No.: 2014-072** – Granting an encroachment to Tim S. Peterson for construction and maintenance of a wooden boardwalk within the right of way area of the 2000 block of Senate Street adjacent to his property at 2006 Senate Street, Richland County TMS # 11405-10-01 – **Approved on first reading.**

**Amendment to the Agenda**
Upon a motion made by Mr. Baddourah and seconded by Mr. Runyan, Council voted unanimously to give first reading approval to Ordinance No.: 2014-072 – Granting an encroachment to Tim S. Peterson for construction and maintenance of a wooden boardwalk within the right of way area of the 2000 block of Senate Street adjacent to his property at 2006 Senate Street, Richland County TMS # 11405-10-01.

25. **Ordinance No.: 2014-075** – Amending the 1998 Code of Ordinances of the City of Columbia, South Carolina, Chapter 2, Administration, Article Procurement Sec. 2-201 Statutory authority; title; definitions; Sec. 2-204 Competitive sealed bidding required; exceptions; Sec. 2-208 Source selection method for procurements related to construction; and Sec. 2-209 Design-build project delivery method authorized – **Note:** This adds the construction management project delivery method to the procurement code. – Consideration of this item was deferred.

26. **Ordinance No.: 2014-077** – (Amended) Authorizing the City Manager to execute an Agreement between the City of Columbia and Multicon Development Company for the Devine Street Parking Garage and Easements for Public Pedestrian, Bicycle and Emergency Vehicle Access – Approved on first reading by a vote of three (3) to one (1) as amended.

Councilor Baddourah expressed concerns with building a parking garage on Devine Street. He asked if the funds are coming from the Parking Fund. He said we already have a lot of parking garages in the city and most of them are not at 100% capacity. He is not sure if he can support this.

Ms. Teresa Wilson, City Manager said yes sir.

Mayor Benjamin asked Mr. Baddourah if he thought we didn’t need any more parking garages in the city.

Councilor Baddourah said it was recently reported that we were going to sell all of the parking garages and make them all private.

Mayor Benjamin said this is a sound project and a great public private partnership that is happening in the hottest area in this city; we’ve seen a significant number of spaces go away with the long awaited development of the Innovista Campus. He said this was an issue when we met with the student leadership at the University and it is indeed timely.

Upon a motion made by Ms. Devine and seconded by Mr. Runyan, Council voted three (3) to one (1) to give first reading approval to Ordinance No.: 2014-077 – Authorizing the City Manager to execute an Agreement between the City of Columbia and Multicon Development Company for the Devine Street Parking Garage and Easements for Public Pedestrian, Bicycle and Emergency Vehicle Access.
Access as amended to add the following clause: BE IT FURTHER ORDAINED that the City Manager is authorized to execute such easements and party wall agreements as are contemplated in the Agreement including those allowing for public pedestrian, bicycle and emergency vehicle access, on a form or forms to be approved by the City Attorney. Voting aye were Mr. Runyan, Ms. Devine and Mayor Benjamin. Mr. Baddourah voted nay.

Upon a motion made by Ms. Devine and seconded by Mr. Baddourah, Council voted unanimously to give first reading approval to Ordinance No.: 2014-078 – Amending the 1998 Code of Ordinances of the City of Columbia, South Carolina, Chapter 15, Parks and Recreation, Sec. 15-1 Prohibited acts in parks (8) Alcoholic beverages to add Earlewood Park.

RESOLUTIONS

28. Resolution No.: R-2014-050 – Release and Abandonment of the City’s Existing 15’ Sanitary Sewer Easement along Richland County TMS #23000-03-03 (Portion); 1320 Clemson Road; North Springs Park; CF#138-01 - Note: This system was conveyed to Ni America in 2013 and is no longer in the City’s sanitary sewer service area. - Approved

Upon a motion made by Ms. Devine and seconded by Mr. Baddourah, Council voted unanimously to approve Resolution No.: R-2014-050 – Release and Abandonment of the City’s Existing 15’ Sanitary Sewer Easement along Richland County TMS #23000-03-03 (Portion); 1320 Clemson Road; North Springs Park; CF#138-01.

29. Resolution No.: R-2014-054 – Authorizing the City Manager to execute Amendment Number Eight to Joint Use Agreement between Garrison Columbia LLC, Core Campus Columbia I, LLC and the City of Columbia - Note: This is replacing exhibits for clarity purposes (specifically where the existing easement is located) and consenting to construction in the common area. - Approved

Upon a motion made by Ms. Devine and seconded by Mr. Baddourah, Council voted unanimously to approve Resolution No.: R-2014-054 – Authorizing the City Manager to execute Amendment Number Eight to Joint Use Agreement between Garrison Columbia LLC, Core Campus Columbia I, LLC and the City of Columbia.
Councilor Devine recalled that the City has a policy on hospitality and accommodations tax funding wherein if the money isn’t requested by a certain time, there is a penalty for the organization. She said that the State Museum had some delays and they did not request their funding. She said the penalty would be $40,000. She said that staff doesn’t have the authority to waive the penalty, but City Council does.

Councilor Baddourah seconded the motion and asked how many other groups would lose the 20%. He said if we do it for one, we should do it for all. He requested a list and asked that Council review it at the next meeting.

Mayor Benjamin said that the grand opening is soon and asked that the additional funding be made available post haste.

Councilor Runyan said this is generally something he would have a philosophical concern about; however, people do make mistakes and this is important and very visible. He said that the SC Philharmonic had a similar issue that caused disadvantageous impacts. He asked that the SC Philharmonic be added to the motion as well.

- Councilor Newman returned to the meeting at 7:08 p.m.

There was a consensus of Council to consider the list of organizations that have been adversely affected by this policy on July 15, 2014.

**CITY COUNCIL COMMITTEE REPORTS/REFERALS**

30. Public Safety Committee Report - This report was received as information.

31. Environment and Infrastructure Committee Report

Councilor Devine reported that the Environment and Infrastructure Committee met today and they would like for Mary Pat Baldauf to make a presentation on the Climate Protection Action Committee to the full Council. She said as Chair, Mr. Runyan noted that their recommendations have budgetary impacts and financial professionals are needed on the board.

Councilor Runyan noted that the bylaws will need to be amended to allow the chairperson to nominate appointments of the financial professionals to the full Council.

Mayor Benjamin suggested looking at the overall composition of CPAC.
Upon a motion made by Ms. Devine and seconded by Mayor Benjamin, Council voted unanimously to add two (2) seats for financial professionals on the Climate Protection Action Committee.

Councilor Devine continued to report that staff presented the Water and Sewer Line Warranty Program; staff recommended a vendor; and the Legal Department is reviewing the agreement prior to Council’s consideration along with a presentation to the full Council. She said a vendor presented a coating product and staff will be meeting with that vendor. She reported that we are still in negotiations with the proposer on a non-disclosure agreement for a Residential Fats Oil and Grease (FOG) Program.

32. Arts and Historic Preservation Committee Report

Councilor Baddourah reported that the Arts and Historic Preservation Committee also met today and they completed the discussion of free little libraries. He said that a resolution will be presented for consideration at the next meeting. He reported that they began the discussion on criteria for line item organizations.

**APPEARANCE OF THE PUBLIC**

*No one appeared at this time.*

Upon a motion made by Mr. Runyan and seconded by Ms. Devine, Council voted unanimously to adjourn the meeting at 7:17 p.m.

Respectfully submitted by:

Erika D. Moore
