

CITY OF COLUMBIA
SOUTH CAROLINA
INTER-OFFICE MEMO

Everybody Counts; Everybody Contributes; Everybody Benefits

To: Steve Gantt, Interim City Manager	Date: November 11, 2009
From: S. Allison Baker, Interim Senior Assistant City Manager	
Subject: CITY COUNCIL AGENDA - HOSPITALITY BOND 2004	

The Columbia Tennis Center is in dire need of some upgrades. The lighting system is inefficient and the courts are in need of repair. During the Hospitality Bond issuance of 2004, funds were designated for Recreation facilities, specifically for Southeast Park and the Columbia Tennis Center. Funds are still available in "Fund 418" for this purpose.

Please allow me to propose to the members of City Council that we move forward with upgrades to the Columbia Tennis Center and the completion of the Southeast Park Environmental Center. I request permission to present this proposal to City Council during the council meeting of November 18, 2009.

cc- Erika Salley
