

The MAIN Attraction:

2011 projects lead the rebirth of Main St.

Main Street had a banner year in 2011. New businesses like Mast General Store opened their doors to eager shoppers while marquee events like the first-ever Famously Hot New Years celebration filled downtown's streets like never before spreading a new spirit of optimism throughout our central business district. It has been an exciting year to say the least and, with 15 façade grant projects ready to get under way, we're not slowing down any time soon.

If you haven't taken a walk down Main Street in a while, I encourage you go see for yourself what everybody's talking about. Here are just a few of the new developments you'll see while you're there.
