## Drawing, Painting, Clay and More

### City of Columbia Parks and Recreation

Students will create and learn as they turn their drawings and paintings into clay works of art. Students will use mixed media such as crayon, pencil, paint and clay. We will discuss the Principles and Elements of Art such as color, shape, line and texture and how they apply to each lesson. Come to learn, get dirty and have fun. The teacher is Sonia Neale. Mrs. Neale has her BFA from Winthrop University and since 2000 has taught a number of ceramic and art classes throughout the community.
