CITY COUNCIL DISCUSSION / ACTION

22. **Ordinance No: 2010-045** – Amending the 1998 Code of Ordinances of the City of Columbia, South Carolina, Chapter 11, Licenses, Permits and Miscellaneous Business Regulations to add Article XI, Business License Tax Incentives

Councilor Finlay explained that this incentive would be good for the City, but some are concerned about a constitutional challenge. He suggested that they give the ordinance first reading approval today and then ask the Attorney General for an opinion. He amended the ordinance to abate the taxes at 100% during the first year; 50% during the second year; and the business would pay the full fees in the third year after moving to the City of Columbia.

A motion made by Mr. Finlay to give first reading approval to Ordinance No.: 2010-045, was withdrawn.

There was a consensus of Council to defer first reading approval of the ordinance and to request an opinion from the Attorney General. Council requested the following information from the Business License Division for the past two (2) years: a list of the existing businesses that were annexed into the City of Columbia; a list of new businesses that were annexed into the City of Columbia; the new businesses that have opened in the City of Columbia; what those businesses paid in business license fees; and any businesses that have closed.
